For 24-hour access to healthcare, call:
(312) 337-1073

Fueled by compassion. Shaped by community.
Driven by purpose.

Strong communities are the key to a thriving city.
That’s why you’ll find community at the heart of everything we do. When we listen to and work alongside the people who live in the places we serve, we’re able to make sure the care we give improves health, well-being, and safety in the ways that matter most. Find out how you can help us make a difference.
Welcome to better health. For you. Your family. For all of us.

We believe everyone deserves good health.

Since 1966, Near North Health has been working to make sure you have access to innovative healthcare you can trust... whatever your age, identity, or income. No matter where you come from, what you look like, or how long it’s been since you last saw a doctor.

Because here in Chicago, access to good healthcare is too often determined by where you live. Life expectancy drops 16 years from the Gold Coast to Garfield Park, just seven L stops away. We call these underserved parts of our city the Dignity Desert - places where resources are scarce and hope is hard to find.

We’re setting a new standard of care in our city: care that restores dignity to the neighborhoods that need it most by providing access not just to medicine, but to nutrition, mental health resources, community connection, and authentic compassion.
